

The Senior Wing and Junior wing students showcased their boundless creativity and imagination at the \*Art Exhibition held on August 30th. From stunning \*\*Lippan and String Art\* to expressive \*Portraits, Sculptures, and Eco-friendly Crafts\*, every creation reflected the students' artistic flair, innovation, and passion.

The exhibition beautifully captured the essence of aesthetic expression — where colors spoke, ideas took shape, and imagination knew no limits. ✨

👏 Kudos to our talented young artists from Classes 3 to 10 for turning their vision into vibrant reality and inspiring everyone with their masterpieces!
