3. Read any one English story book.

## Subject: SOCIAL STUDIES

### GENERAL INSTRUCTIONS:

- Do this work in a notebook.
- Do in neat handwriting.
- This homework will be assessed when school will reopen.

### ❖ Make your own rain gauge

You can make your own rainfall measuring instrument (called a rain gauge) using a plastic bottle.

Take the help of an adult to cut the top of the plastic bottle. Place the top cut out portion upside down on the lower portion.

Mark a centimetre paper, and paste it on the side of the bottle. Place the rain gauge in an open space in the rain. See how much rain fell in an hour.

- ❖ Find out about the climate of any one state of India. Find out how many seasons the state has. Also, find out about each season in detail- how rainy the monsoons are and how cold the winters are. Present your findings in the form of a chart, file or on a website.
- ❖ Explore the Internet or take the help of your elders to collect information about the following:
  - (I) The League of Nations
  - (II) Its objectives
  - (III) Causes of the failure
- ❖ Have you watched the animation film Happy Feet on the emperor penguins? The film touches upon how overfishing by the humans is causing food shortage for the

penguins. Find out from the internet about other human activities that adversely affect the penguins and other marine organisms.

- ❖ Imagine you are going on a voyage from Vishakhapatnam in India to Brazil. Consult the map and name the oceans and continents that you will cross.

## **Subject: SCIENCE**

### **GENERAL INSTRUCTIONS:**

- Do this work in a notebook.
- Do in neat handwriting.
- This homework will be assessed when school will reopen.

Read chapter 1, 2, 3 and 4 from book thoroughly. Do complete back exercise of all the four chapters.

- Learn and revise all the given worksheets.
- Good food is essential for health. It helps us to grow, gives us energy and protects us from diseases. So, make a chart on different nutrients.
- Design your own science dictionary. Write ten words and their meanings as well as their pictures. (using 10 A-4 sized coloured sheets)
- Create an advertisement on water wastage awareness or management of water.
- Find out the names of 5 endangered animals found in India eg. snow leopard, Asiatic lion, Black bug. Write the following details of each:

#Habitat

#Food they eat

#Reason why they have been endangered

Present this information on attractive cutouts. Paste the pictures of the animals.

**NOTE: No print outs will be accepted.**

**Handwritten work to be submitted.**

### Computer

Q1:- Create the given page.

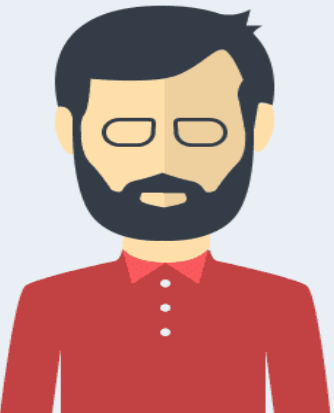

a)

b)

c)

## Order a designer's work

- 1 Prepare a detailed logo concept - list all your wishes in advance.
- 2 Look for a designer. If there is no such person among your friends, use freelance sites.

**Advantages:**

- large variety of designers
- experience and professionalism
- decent quality of the finished logo

**Disadvantages:**

- takes a long time to find a good designer
- you may not like the result
- the process must be supervised
- a freelancer can get sick or "disappear"

**Time spent:** 2 days

**Cost:** from \$50-100 to \$500-1000

d)

e) Create invitation card for your birthday.

f) Create poster you want to place it on School Class Board ( Republic day ).

g) Revision all topic which covered in class
